FROM THE BLOEM SHOW OFFICE...

Elmarie Prinsloo
Chief Executive Officer – Bloem Show

The Bloemshow that started on the 27th of April has successfully concluded on the 6th of May. It was an exceptional show in celebration of 140 years in the show industry. Bloeshow would not have been made possible without the contributions of hundreds of roleplayers, exhibitors, breed societies, breeders, sponsors and visitors.

This year's show has been characterized with excellent autumn weather, although lightning storms have necessitated that the show activities be stopped twice, and a heavy rain storm descended upon us on the last day of the show. The security of the visitors was our top priority throughout the show. In spite of a day shorter and challenging economic times, was the attendance 14.6% more than the post-Covid Bloem Show of 2022 (13 742 more people) and still a 1.7% more than in 2018 (1 819 more people), with 107 464 visitors that has attended this year's show.

Bloemshow has once again proved itself as one of the most popular and biggest shows in South Africa, that meant a big financial and economic injection into the city and region.

The quality, diversity and addition of many new exhibitors received high praise from visitors and the feedback from the exhibitors was very good. Many exhibitors that have been at Bloemshow for 15 years or more have achieved new records. 312 exhibitors and 62 food staples were part of this year's Bloemshow.

We have received 2 067 entries into the Creative Handiwork and Art Section. It was especially gratifying to see the amount of entries from schools and children and the incredible pride there is to see their articles at Bloem Show. Currently it is the biggest of its sort in South Africa. There were 289 dairy product entries received from several dairy factories in South Africa.

This year's agricultural program was packed full with the biggest praise from breeders about the wonderful platform and marketing opportunities that Bloemshow provided for stud industries. The program included 21 Championships and 5 083 animals from horses, cattle, sheep and boerbokke. Reservations have also been made from breeds for the 2024 Bloem Show and all indications show that the agricultural program is full.

We thank every visitor, performer, exhibitor, service provider, sponsor and media for the incredible support and stake in the success of Bloem Show 2023, which has again provided an economic injection into Bloemfontein and the Free State. What an absolute privilege to see smiles and hope in children and show friends' faces at Bloemshow.

We see everyone at Bloem Show again from 25 April to 4 May 2024.
